After some committee discussion and getting commitments from Steve and Bill, we have decided to keep two flights. This gives us five in each flight, and six in each flight for the second half. I have divided everyone into A and B flight based on their current averages. We will be awarding points to four places per flight per day.

Since we had a rainout earlier in this half, we will only golf seven weeks in the first half. Unless there are any more rainouts, we will golf eight weeks in the second half with the A/B flight final after that. Therefore counting this week, there are only two more weeks left in this half.

Finally three golfers, Mike T., Brian, and myself dropped a score either last time or two times ago. Jeff, Mike L., and Matt will drop a score their next time golfing.

- Your committee: Dave Burke & Jay Trachsel
